

MATHEMATICS

	Authors & Affiliation	Topic	Presentation Type
	<p><i>Afaf Mohamed FaragHussain</i></p> <p><u>Degree:</u> <i>Master in Science (Applied Mathematics)</i></p>	<p><i>Applications of the Variational Quantum Monte Carlo Method to Few-Body Quantum Mechanical Systems</i></p>	<p>Poster</p>
	<p>Magda Adel Gomaa Ebraheem Demonstrator, Mathematics Department, Faculty of Science, Tanta University Supervisor Ass. Prof. Dr. Hala Aly Fergany Associate Professor of Mathematical Statistics, Mathematics Department, Faculty of Science, Tanta Universit</p>	<p>Constraint Probabilistic Mixture Multi-Item Multi-Source Source Inventory Model with Varying Holding Cost and Some Continuous distribution</p>	<p>Poster</p>
	<p>Rania Riad Abd El Azeem Yahya Demonstrator, Mathematics Department , Faculty of Science, Tanta University, Tanta, Egypt Supervised by Prof.Kadry Zakaria Professor of Applied Mathematics, Mathematics Department, Faculty of Science, Tanta University Dr.Kh. Elmorabie</p>	<p>Study the Scattered of Elastic Waves from Buried Object in Different Media</p>	<p>Poster</p>

	<p>Lecturer of Applied Mathematics, Mathematics Department, Faculty of Science, Tanta University E-mail: {kadry zakaria, kh_elmorabie, rania_riad} @science.tanta.edu.eg Abstract</p>		
	<p>M. M. El-Sharkasy Department of Mathematics, Faculty of Science Tanta University, Tanta, Egypt sharkasy78@yahoo.com M. S. Badr Department of Mathematics, Faculty of Science Assuit University, New Valley, Egypt m_shaban97@yahoo.com</p>	<p>Modeling Mutation using Multiset and Topology</p>	<p>Poster</p>
